it's our second year of being roommates the dino's experiencing all sorts of things for the first time in this volume he makes his debut as a youtuber celebrates setsubun and meets up with us in shibuya as long as he's having fun it's all good right

we've all been there a couple drinks too many and a hazy wander back to your home where you wake up wondering how you got there but in kaede's case not only was she not sure how she got home she wasn't sure how the dinosaur got there either the two are soon fast friends but though their personalities jive they'll have to learn how to communicate in order to live peacefully together

it's absolutely hilarious how much dino looks like a spotted garden eel naotaro went to america senpai is going to change jobs so isn't about time kaede does something too hm well this gyaru and her dino aren't worried about a thing after all everything'll go fine so long as they get to have fun with all their friends

making friends with your sempai from work and patching things up with your ex boyfriend are pretty normal everyday things pretty much the only thing that's different about kaede is that she has a dinosaur for a roommate okay maybe that's an exaggeration but every day is a blast so she's gonna live it up
